Basic EuSim Simulation Instructor Course

August 13.-16. 2009

São Paulo, Brasil

Beginning first day at 10:30 am - ending last day at 15:30 pm

Closest Airport: Congonhas, São Paulo

We offer this special course - uniquely combining the expertise of different simulation centres and experienced multi-disciplinary instructors (physicians, nurses, medical educators, and a psychologist). The course provides a mixture of theory and practice and emphasizes feedback relevant for learning in a safe and stimulating atmosphere. Participants work in small groups with close instructor interaction. The course language is English, requiring being able to take part in conversations. Interpretation between English - Portuguese will be provided.

Target Group	Health care professionals who want to use simulators and simulations for teaching
Course Goals	Enabling participants to start running simulation-based courses for acute care medicine addressing issues of crisis resource management (CRM)
Course Contents	Familiarizing participants with the simulator and simulation environment; designing and running scenarios; debriefing (structures, difficulties, video use, annotation systems); errors in medicine and patient safety; principles of adult learning; course design; roles of the simulator instructor; networking; the course contents are independent of the simulation platform used
Methods	Experience, practice and feedback; theory inputs; hands-on workshops; structured reflections
Faculty	Experienced faculty from the simulation centres in Copenhagen, Denmark (DIMS), Tuebingen, Germany (TuPASS), London, UK (BARTS) and Brazilian partner centres.
Cost	The course fee is R\$ 1200.- including lunches, soft drinks and coffee during the days, a reception day 1 and 3 and dinner day 2. Travel and lodging are not included.
Accommodation	Hotels within a prize range are available and we will assist you in finding a room.
Further Information	Concept and Content: Dr. Peter Dieckmann, Danish Institute for Medical Simulation; Phone: +45 4488 3383; mail@peter-dieckmann.de Logistics and Sign-Up: Sra. Guiomar, Laboratório de Habilidades e Simulação da FMUSP, tel (11) 3061-7400
